(telephone/fax/email)

Date Received by GMF _____

Program Information

Program Title

Medium

(video tape, film, audio tape, other)

Length

(including number of segments and estimated lengths)

Funding Request \$ _____

The Greater Montana Foundation grants priority funding to programs that adhere most closely to the principles articulated in the GMF mission statement and for which applicants can demonstrate intention on the part of commercial television and radio stations to air the proposed programs. Special consideration will also be given to multi-part series written and produced to air within regularly-scheduled news and public affairs programs.

Program Content

Please summarize the proposed program or series. What is its purpose?

How will the program encourage communication on an issue of importance to Montanans?

Why is this program not already being produced by your station?

Intent to Broadcast

Is there a stated intent to broadcast by one or more Montana commercial broadcast outlets? Yes_____ No_____

If yes, please attach a written copy of the statement of intent.

When is the program expected to air? On what stations?

Cost

What is the total budgeted cost of the proposed program?

How much of the cost is being requested for consideration by the Greater Montana Foundation?

Will there be other sources of funding for the program?

Other Comments?

(Supporting material may be attached.)

The Greater Montana Foundation requires that all programs receiving its funding be made available for use upon request by any Montana media outlets, schools and libraries.
